

WE'RE HIRING

RESEARCH OFFICER

Through "Transformational agroecology across food, land, and water systems (AE I: Agroecological Initiative)" **PRADAN** in collaboration with **International Water Management Institute (IWMI)** aim to develop and scale agroecological innovations for small-scale farmers, and other agricultural and food-system actors. The initiative aims to collaboratively design, test, and modify agroecological practices throughout the entire food production-to-consumption continuum along with establishing connections between markets and investments while considering policy dimensions and consumer behaviors.

JOIN OUR TEAM!

Are you a skilled Researcher with a passion for working among women collectives, communities, and governments? Professional Assistance for Development Action (PRADAN), a non-government, non-profit organization working with India's marginalized rural population, is looking for an enthusiastic researcher to join our team.
